CURRICULUM VITAE

Darian Tsintzas.

SENIOR TECHNICAL PROJECT MANAGER

I make delivery predictable — so the system carries the load, not the people.

EXPERIENCE

Senior Technical Project Manager — since 03/2024
crossbuilders GmbH

- Led and owned the build of an AI-assisted “middle-office” layer for loan officers — between application intake and the system of record — from MVP to production platform.
- Established delivery discipline across a portfolio of 12 applications in a regulated financial environment: introduced a central single source of truth and a reproducible deployment process, and designed company-wide meeting cadences.

Product Owner E-Commerce — 12/2022 – 02/2024
i22 Digitalagentur GmbH

- Owned delivery of two e-commerce products for a world-leading telecommunications company.
- Steered website projects, platform extensions and a new product build across all parties involved.
- Led a 15-person interdisciplinary team.

(Junior) Account Manager — 11/2020 – 11/2022
antwerpes ag

- Steered all digital activities for Aral SuperCard, including coordination of a 20-person project team and a budget of over €4 million.
- Delivered website projects, product rollouts and technical optimizations.

Junior Project Manager — 10/2017 – 10/2019
ninepoint consulting GmbH

- Managed the e-fulfillment solution of a world-leading computer manufacturer, including stakeholder management and further development of the shop system.

Esports Editor-in-Chief — 08/2016 – 09/2017
esp entertainment eK

- Led an editorial team; designed and optimized content and social media strategies.
